IMPORTANT RESOURCES

By December, much of the vegetated landscape has changed significantly and conditions for creating habitat take on a new challenge, both for wildlife and for the homeowners trying to help out. There are many crafty options to create and offer to wildlife along with natural solutions that create themselves, if you'll let them. Give the gift of habitat this winter season and spread some conservation cheer.

December is great for:

- [Brush up on the new Habitat Network and Mapping Tools](#)
- [Give the Gift of Habitat with our easy habitat craft ideas.](#)
- [Participate in your local Christmas Bird Count.](#)
